CUBA'S GREAT DAY.

Gomez' Triumphant Entry to Havana
—Celebration of Anniversary of
Start of Revolution.

Havana, Feb. 25.—Four years ago Friday the revolution in Cuba which has just ended in the disappearance of Spanish rule from this island broke out, and Friday was a general holiday. Triumphant arches had been erected in the different quarters of the city, bearing patriotic inscriptions, rockets were sent into the air, bands played and Gen. Ludlow, governor of Havana, gave permission to the Cubans to bring 500 of their troops into the city with Gen. Maximo Gomez, who had selected this day for his triumphal entry into the Cuban capital.

Gen. Ludlow also received Gen. Gomez with military honors, and Gen. Brooke desires to show the Cuban commander every attention.

Havana, Feb. 25.—Gen. Maximo Gomez, the Cuban commander in chief, entered Havana Friday afternoon, escorted by Gen. Ludlow and his staff and troop 1, of the Seventh United States cavalry. He marched at the head of 2,000 armed Cuban horsemen and footmen. The population of the city was wild with enthusiasm, throwing themselves in front of the general's horse, impeding its progress, and pelting him with flowers. The general reviewed the troops at the palace.

Gen. Gomez arrived on the edge of the town from Marianao at 12:30 p. m., and escorted by the Second Illinois band and three battalions. These battalions then returned to their camp, and did not enter the city. The festivities in honor of the fourth anniversary of the beginning of the Cuban struggle for independence were most spontaneous and wildly enthusiastic. Havana had never seen anything like it before. The whole town was decorated, and the streets were packed with a crowd twice as large as that which turned out at the Garcia funeral.

At half-past 12 Friday afternoon Gen. Gomez left Cerro, the suburb from which the march was to be made. As Gen. Gomez passed the crowd went wild with vivas, hats were flung in the air and women showered flowers on all sides. He bowed and raised his hat incessantly, as the crowds struggled to get near his horse and clung to the animal's sides as long as possible. The procession stopped frequently, eventually filing into the main streets of the city, passing Central park and arriving at the palace at half-past two. Once at the palace, the Cuban commander in chief was welcomed by Senor Federico Mora, the civil governor; Mayor Perfecto Lacosse, the members of the city council, the junta patriótica, the members of the assembly, the officials of all classes and numerous patriotic clubs.

Following the procession were many private carriages, filled with women representing the best society, some allegorically dressed and others waving flags. The Cuban bands played the Cuban national hymn, varying this with "Dixie," "The Star Spangled Banner," "The Stars and Stripes Forever," and popular American marches. There were many allegorical floats expressing the friendship between Cuba and the United States. No fewer than 25,000 people were in line, requiring three hours to pass a given point.

ATTACK WAS BITTER

Congressman Johnson of Indiana,
Scores the President.

HE DELIVERS A SCATHING SPEECH.

Impugns the Motives and Questions
the Sincerity of Mr. McKinley—
The Compromise Army Bill
Reported.

Washington, Feb. 25.—During the general debate upon the army appropriation bill in the house Friday Mr. Johnson (rep., Ind.), who made several notable speeches violently attacking the policy of the administration during the consideration of the army reorganization bill a fortnight ago, returned to the assault and delivered against the president and some of his advisers the most scathing philippic heard in the house for months. He sneered at the president and the influences which he alleged controlled him, impugned his motives, questioned his sincerity and likened him to Dickens, most contemptible character; charged his secretary of war with incompetency and predicted that the president would in the end be engulfed by adverse public sentiment. Although his utterances were far more sensational than those in his former speech and dazed some of his auditors by the impetuosity with which they were delivered, the speech did not raise about him the storm of his former speeches. Mr. Landis, one of his republican colleagues from Indiana, briefly stated to the house that Mr. Johnson's constituents had repudiated him and the two members had a wordy duel. Later in the day Mr. Marsh (rep., Ill.) replied to some of Mr. Johnson's strictures, but the republican leaders had evidently decided to ignore the attacks of the Indianan and no general reply was made to his speech. The army appropriation bill was lost sight of in the general discussion of the policy of the government relative to the Philippines, and several notable speeches were made, particularly that of Mr. Settle (dem., Ky.). The general debate upon the bill closed Friday, and to-day the bill will be taken up for amendment under the five-minute rule.

Senate.
Washington, Feb. 25.—After a session of nearly eight hours Friday the senate at 6:30 o'clock passed the river and harbor bill by the decisive vote of 50 to 3. The measure was under consideration throughout the day, and on several of the committee amendments a determined fight was made, but in every instance the opposition availed nothing. The sharpest contest arose over the Nicaraguan canal bill amendment. A point of order was made against it that it was general legislation, but the senate, to which the vice-president submitted the point, overruled it. It was then attacked as not being relevant to a river and harbor measure, but this, too, was overruled by the senate. Senators Pettigrew (silver rep., S. D.), Rawlins (dem., Utah) and Teller (silver rep., Col.) vigorously attacked the bill, their opposition being directed especially against the canal amendment. The statement was made that the measure would never see the light of day in the house and that the canal would not be built under the proposition inserted in the bill. During the afternoon Senator Sewell (N. J.) delivered a speech in support of the Hull-Hawley army reorganization bill, in the course of which he declared the United States was now as much at war in the Philippines as it was with Spain when our army was before Santiago. He expressed the belief that it would require an army of 50,000 men to control the Filipinos and that we were likely yet to have serious trouble in Cuba.

Compromise Army Bill.
Washington, Feb. 25.—The senate committee on military affairs reported the compromise army reorganization bill just before adjournment of the senate at 6:30 p. m. The bill had been framed at the war department Thursday night by the officials of that department and a number of senators, and was under consideration by the senate committee and its sub-committee during the greater part of the day. The formulation of the compromise was placed in the hands of Senators Hawley and Carter, of the military committee, on behalf of the republicans, and Senator Cockrell in the interest of the democrats. The sub-committee had it in

The senate amendment to the Hull-Hawley bill increasing the number of cadets to the extent of 100 is retained.

As soon as practicable the officers and men of the volunteer army not authorized in the bill shall be mustered out, provided that enlisted men of volunteers may be transferred to and enlisted in such of the new organizations as may be below the maximum authorized strength. Provision is made that the act is not to be construed to cause the discharge of any commissioned officer now in the service.

Other sections of the bill refer mainly to minor details.

REPLIES TO MILES.

Former Commissary General Eagan
Testifies Before Court of Inquiry
Concerning Beef Charges.

Washington, Feb. 25.—After a session of little more than two hours the court of inquiry investigating the beef charges adjourned until Monday, pending the arrival of witnesses who have been summoned. Former Commissary General Eagan on Friday concluded his testimony explaining the provisions of contracts for beef supplies to the armies in Porto Rico, Cuba and the Philippines. He very vigorously denied any knowledge of any chemical treatment of beef to preserve it and disavowed any connection whatever of the government with any such treatment. He further defended the canned roast beef, explaining why it had been sent to the troops, and when Col. Davis, the recorder, asked him if any food had been used as an experiment, or pretense of experiment, suggesting Gen. Miles' famous allegation that precipitated the Eagan court-martial, the former commissary general with great dignity and emphasis replied sweepingly in the negative.

Gen. Eagan was followed by Maj. Gen. S. B. M. Young and other officers who were in the Santiago campaign, and by officers of the subsistence department. The refrigerated beef was commended, while the canned roast beef, on the whole, rather suffered as a sequence to the day's testimony.

Next week probably 15 witnesses will be heard, among them, perhaps, Gov. Roosevelt, of New York, and it is expected that Dr. W. H. Daly will be examined later in the week when the beef concerns will have their representatives here to hear the witness repeat charges that the refrigerated beef was treated chemically. The beef concerns had not been notified Friday when to appear, Col. Davis saying it had not developed fully from the evidence who furnished the beef at Jacksonville, Tampa, Chickamauga and Porto Rico, which was attacked, and until the origin of the beef was ascertained notification to the beef concerns would be impossible. Some time next week, according to present expectations, the court will leave for the west, going first to Chicago, to inspect the plants of the concerns that furnished beef during the war and later to Omaha, Kansas City, and perhaps St. Louis.

AN EGG FAMINE.

Price of Eggs Goes Way Up—Sixty
Cents Asked in Indianapolis—
Pittsburgh Market Cornered.

Indianapolis, Ind., Feb. 25.—An egg famine is on in this city. The retail price Friday was 60 cents, and the wholesalers were holding at 55 cents. The retailers hesitate to meet this price and are hopeful that shipments from southern Indiana will soon bring the price down.

Pittsburgh, Pa., Feb. 25.—There is a famine in eggs here and prices have advanced from 21 to 40 cents a dozen. Last week H. D. Miller, of Philo, Muskingum county, O., arrived in Pittsburgh and quietly started in to buy eggs. In a few days he had secured 1,000 cases, or 30,000 dozen, and now has the market cornered.

Des Moines, Ia., Feb. 25.—Eggs are selling in Des Moines at from 35 to 60 cents per dozen, and most of these came from Chicago. No eggs are coming in from the country, and the packed ones are all gone in anticipation of a plentiful supply of fresh ones.

Cleveland, O., Feb. 25.—The egg famine has reached this city and the retail price Friday reached 50 cents per dozen. Many grocers were unable to obtain even a small supply and would be purchasers in many cases were unable to get their orders filled. At some of the restaurants eggs have been erased from the bill of fare. Commission dealers express the belief that there would be no adequate supply for a week or ten days at least.

Fear for Their Safety.

mous Battleship.

SPECULATIONS AS TO HIS REASONS.

Cabinet Officials Say Too Much Im-
portance Must Not Be Attached
to the Incident—Filipinos
Are Still Active.

Washington, Feb. 25.—The following dispatch has been received at the navy department:

"Manila, Feb. 24.—For political reasons, the Oregon should be sent here at once. (Signed) "DEWEY."
The cablegram from Admiral Dewey asking for the Oregon was received with surprise by the officials here. No one knew, or least would admit that he knew, the nature of the political reasons which the admiral says demand the immediate presence of the peerless battleship. The cablegram was taken to the cabinet board and fully discussed there. There is an underlying doubt whether or not the admiral may not be keenly sighting a gathering cloud in the east, and is looking to the prevention of any possible intervention or interference by European powers in the struggle now in progress in the neighborhood of Manila.

The cabinet gave some attention to Dewey's cable message relative to the political importance of sending the Oregon at once to Manila. The conclusion reached was that too much importance should not be attached to it—that Dewey wants the big ship to influence the Filipinos through fear. Secretary Long said when asked for an explanation of the reference to political reasons in the dispatch: "I am sure that it has no international significance. You may state that positively. Probably he wants a fine ship there as the American commissioners are about due, and it will give weight to the American representations."

It is suggested from other naval sources that Dewey wants the Oregon to release a number of smaller ships of the fleet for other work. He has been planning a tour among the other islands than Luzon, with the purpose of establishing the authority of the United States among them. It is also necessary to establish a close blockade to prevent the insurgents from receiving supplies. These projects require for their execution a number of ships Dewey cannot spare them at present, but when the Oregon gets into Manila harbor she will be sufficiently formidable to insure the protection of the entire harbor in conjunction with the two big double-turreted monitors, Monterey and Monadnock. The remainder of the fleet will be free to carry out the projects. While these three armored ships are lying in Manila bay there is no fear that any force can enter or pass out without their consent.

Will Reach Manila March 10.

Washington, Feb. 25.—The navy department expects the Oregon to arrive at Manila about March 10. As the transports are ahead of schedule time, it thinks Gen. Otis within a week will have reinforcements of 2,500 men.

Otis Reports the Battle.

Washington, Feb. 25.—Gen. Otis Friday cabled the war department as follows:

"Manila, Feb. 24.—Scandia arrived last night. On nights 21st and 22nd, and yesterday morning, insurgent troops gained access to outskirts of city behind our lines. Many in hiding and about 1,000 entrenched themselves. Completely routed yesterday with loss of killed and wounded about 500 and 200 prisoners. Our loss very slight. City quiet, confidence restored, business progressing. (Signed) "OTIS."

Rebels Still Active.

Manila, Feb. 25.—The enemy's sharpshooters were particularly active about Caloocan Friday. Special attention was paid to the three-gun battery near the railroad, and the improvement of the rebel marksmanship was very noticeable. The rebels fired volleys at the battery, their bullets frequently skimming the tops of the sand bags. A lieutenant of the Twentieth Kansas volunteers and three other men were slightly wounded. A man was killed in the trenches Friday.

The rebel battery has not been used since a shell from the United States double-turreted monitor Monadnock exploded over it Thursday.

The enemy's fire was so hot during the night in the vicinity of the Higgins house that the headquarters was removed to a church 400 yards inside

several of the committee amendments
a determined fight was made, but in

Compromise Army Bill.

Washington, Feb. 25.—The senate
committee on military affairs reported
the compromise army reorganization
bill just before adjournment of the sen-
ate at 6:30 p. m. The bill had been
framed at the war department Thurs-
day night by the officials of that depart-
ment and a number of senators, and was
under consideration by the senate com-
mittee and its sub-committee during
the greater part of the day. The formu-
lation of the compromise was placed in
the hands of Senators Hawley and Car-
ter, of the military committee, on be-
half of the republicans, and Senator
Cockrell in the interest of the democ-
rats. The sub-committee had it in
charge until 4:30 o'clock, when the full
committee met. The committee made
a number of changes, and after a sit-
ting of two hours, reported the bill to
the senate. The bill as reported dif-
fers in many details from the bill read
in the house by Mr. Hull, but the gen-
eral framework is the same. In the
new bill one section covers the entire
increase of the army, and it reads as
follows:

"That to meet the present exigencies of
the military service the president is hereby
authorized to maintain the regular army
at a strength of not exceeding 65,000 enlisted
men, to be distributed amongst the several
branches of the service, according to the
needs of each, and raise a force of not
more than 35,000 volunteer infantry, as he may
determine, from the country at large, under
general law, or from the localities where
their services may be required without re-
gard to citizenship or educational qualifi-
cations, and to form the same into not more
than 20 regiments organized as infantry
regiments of war strength in the regular
army.

"Provided, that such increase in the reg-
ular and volunteer force shall continue in
service only during the necessity therefor,
and not later than July 1, 1901."

Section one provides that the regular
army "shall consist of three major gen-
erals, six brigadier generals, ten regiments
of cavalry, seven regiments of artillery, 25
regiments of infantry." In the cavalry or-
ganization each regiment consists of 12
troops, organized into three squadrons of
four troops each. The artillery regiments
are fixed at 14 batteries, of which two may
be organized as field artillery. The infan-
try regiments are fixed at 12 companies, or-
ganized into the three-battalion formation.

avowed any connection whatever of the
government with any such treatment.
He further defended the canned roast
beef, explaining why it had been sent
to the troops, and when Col. Davis, the
recorder, asked him if any food had
been used as an experiment, or pre-
tense of experiment, suggesting Gen.
Miles' famous allegation that precipi-
tated the Eagan court-martial, the
former commissary general with great
dignity and emphasis replied sweep-
ingly in the negative.

Gen. Eagan was followed by Maj.
Gen. S. B. M. Young and other officers
who were in the Santiago campaign,
and by officers of the subsistence de-
partment. The refrigerated beef was
commended, while the canned roast
beef, on the whole, rather suffered as a
sequence to the day's testimony.

Next week probably 15 witnesses will
be heard, among them, perhaps, Gov.
Roosevelt, of New York, and it is ex-
pected that Dr. W. H. Daly will be ex-
amined later in the week when the beef
concerns will have their representatives
here to hear the witness repeat charges
that the refrigerated beef was treated
chemically. The beef concerns had not
been notified Friday when to appear,
Col. Davis saying it had not developed
fully from the evidence who furnished
the beef at Jacksonville, Tampa, Chick-
amauga and Porto Rico, which was at-
tacked, and until the origin of the beef
was ascertained notification to the beef
concerns would be impossible. Some
time next week, according to present
expectations, the court will leave for
the west, going first to Chicago, to in-
spect the plants of the concerns that
furnished beef during the war and later
to Omaha, Kansas City, and perhaps St.
Louis.

AN EGG FAMINE.

Price of Eggs Goes Way Up—Sixty
Cents Asked in Indianapolis—
Pittsburgh Market Cornered.

Indianapolis, Ind., Feb. 25.—An egg
famine is on in this city. The retail
price Friday was 60 cents, and the
wholesalers were holding at 55 cents.
The retailers hesitate to meet this
price and are hopeful that shipments
from southern Indiana will soon bring
the price down.

Pittsburgh, Pa., Feb. 25.—There is a
famine in eggs here and prices have
advanced from 21 to 40 cents a dozen.
Last week H. D. Miller, of Philo, Mus-
kingum county, O., arrived in Pitts-
burgh and quietly started in to buy
eggs. In a few days he had secured
1,000 cases, or 30,000 dozen, and now
has the market cornered.

Des Moines, Ia., Feb. 25.—Eggs are
selling in Des Moines at from 35 to 60
cents per dozen, and most of these came
from Chicago. No eggs are coming in
from the country, and the packed ones
are all gone in anticipation of a plenti-
ful supply of fresh ones.

Cleveland, O., Feb. 25.—The egg
famine has reached this city and the re-
tail price Friday reached 50 cents per
dozen. Many grocers were unable to
obtain even a small supply and would-
be purchasers in many cases were un-
able to get their orders filled. At some
of the restaurants eggs have been
erased from the bill of fare. Commis-
sion dealers express the belief that
there would be no adequate supply for
a week or ten days at least.

Fear for Their Safety.

Cleveland, O., Feb. 25.—Five men are
imprisoned in a temporary water-
works crib several miles out in Lake
Erie, and there is much apprehension
felt for their safety. Enormous piles
of ice cover the crib, almost hiding it
from view. No communication has
been had with the men for several days,
and it is known their supply of pro-
visions is short. Attempts to reach the
crib with a tug have proven unsuccess-
ful. The last supply of food was taken
to the crib three weeks ago. It is
feared the temporary structure will
collapse under the tons of ice piled
upon it.

Banquet to Quarles.

Milwaukee, Wis., Feb. 25.—Three hun-
dred guests, including many distin-
guished citizens of Milwaukee and lead-
ing representatives of cities through-
out the state, attended a banquet Fri-
day night given by the Merchants' and
Manufacturers' association, of this city,
to United States Senator-elect Joseph
V. Quarles. Mr. Quarles responded to
the toast, "Our Honored Guest." None
of the leading questions of the day was
touched upon, his remarks in the main
being confined to a eulogy of his sup-
porters in the senatorial struggle, and
an expression of gratitude on this oc-
casion.

Spends a Fortune for Stamps.
Louisville, Ky., Feb. 25.—The Na-
tional Tobacco company bought \$225,
000 worth of tobacco stamps Friday.

one knew, or least would admit that
he knew, the nature of the political
reasons which the admiral says demand
the immediate presence of the peerless
battleship. The cablegram was taken
to the cabinet board and fully discussed
there. There is an underlying doubt
whether or not the admiral may not be
keenly sighting a gathering cloud in
the east, and is looking to the preven-
tion of any possible intervention or in-
terference by European powers in the
struggle now in progress in the neigh-
borhood of Manila.

The cabinet gave some attention to
Dewey's cable message relative to the
political importance of sending the
Oregon at once to Manila. The con-
clusion reached was that too much im-
portance should not be attached to it—
that Dewey wants the big ship to influ-
ence the Filipinos through fear. Sec-
retary Long said when asked for an ex-
planation of the reference to political
reasons in the dispatch: "I am sure
that it has no international significance.
You may state that positively. Prob-
ably he wants a fine ship there as the
American commissioners are about
due, and it will give weight to the
American representations."

It is suggested from other naval
sources that Dewey wants the Oregon
to release a number of smaller ships
of the fleet for other work. He has
been planning a tour among the other
islands than Luzon, with the purpose
of establishing the authority of the
United States among them. It is also
necessary to establish a close blockade
to prevent the insurgents from receiv-
ing supplies. These projects require
for their execution a number of ships
Dewey cannot spare them at present,
but when the Oregon gets into Manila
harbor she will be sufficiently for-
midable to insure the protection of the
entire harbor in conjunction with the
two big double-turreted monitors,
Monterey and Monadnock. The re-
mainder of the fleet will be free to
carry out the projects. While these
three armored ships are lying in Ma-
nila bay there is no fear that any force
can enter or pass out without their
consent.

Will Reach Manila March 10.

Washington, Feb. 25.—The navy de-
partment expects the Oregon to arrive
at Manila about March 10. As the
transports are ahead of schedule time,
it thinks Gen. Otis within a week will
have reinforcements of 2,500 men.

Otis Reports the Battle.

Washington, Feb. 25.—Gen. Otis Fri-
day cabled the war department as fol-
lows:

"Manila, Feb. 24.—Scandia arrived last
night. On nights 21st and 22nd, and yester-
day morning, insurgent troops gained ac-
cess to outskirts of city behind our lines.
Many in hiding and about 1,000 entrenched
themselves. Completely routed yesterday
with loss of killed and wounded about 500
and 200 prisoners. Our loss very slight.
City quiet, confidence restored, business
progressing.

Rebels Still Active.

Manila, Feb. 25.—The enemy's sharp-
shooters were particularly active about
Calococan Friday. Special attention was
paid to the three-gun battery near the
railroad, and the improvement of the
rebel marksmanship was very notice-
able. The rebels fired volleys at the
battery, their bullets frequently skim-
ming the tops of the sand bags. A
lieutenant of the Twentieth Kansas
volunteers and three other men were
slightly wounded. A man was killed
in the trenches Friday.

The rebel battery has not been used
since a shell from the United States
double-turreted monitor Monadnock
exploded over it Thursday.
The enemy's fire was so hot during
the night in the vicinity of the Hig-
gins house that the headquarters was
removed to a church 400 yards inside
the line.

City of Manila Quiet.

Manila, Feb. 25.—Owing to the whole-
sale arrests of all suspected Filipinos
Thursday, and the clearances of the
streets at seven o'clock at night, the
threatened renewal of the scenes of
the previous night did not occur. With
the exception of a few shots fired in
the neighborhood of the penitentiary,
the city was as quiet as possible.

Outside Manila the rebels were very
active. Near Calococan the brigade com-
manded by Gen. Harrison Gray Otis
had several lively skirmishes with the
rebels, but at daylight the enemy was
driven back with severe loss.

The feeling in this city was much
improved Friday and business generally
had been resumed. Excellent order is
maintained by Gen. Hughes' police
force, which is universally commended.

The United States transport Scandia,
with the Twentieth infantry on board,
has arrived here from San Francisco,
which port she left on January 26. All
duties on importations of fresh fruits,
vegetables and meats have been tempo-
rarily suspended.

Compliments Minister of War.

Paris, Feb. 25.—President Loubet pre-
sided at the cabinet council Friday
morning. He complimented the min-
ister of war, M. Freycinet, on the sol-
dierly appearance of the troops which
took part in Thursday's ceremonies.

The people of Negroes, one of the Phi-

to insurrection and their willing allegi-
ance to the United States and freedom.
This is an important movement and
points the way to other islands that de-
sire to live in peace and enjoy the bless-
ings of an independence far beyond
their most sanguine dreams of liberty
under governmental forms. It is a
movement that was hoped for and may
lead to the pacification of all the is-
lands of the archipelago.

Real independence comes from willing
labor, and the Cuban relief movement
is calculated to encourage industry as
an aid to freedom. A careful study of
the question of relief through industry
has engaged the attention of philan-
thropic Americans and Cubans for some
time past. The investigation has led to
the selection of the province of Havana
as the place for the first establishment
of a system of relief farms for the em-
ployment of rural natives. Land will
be obtained and cleared, and with tools
and seeds that will be taken to Cuba
planting will be begun at once. The re-
lief association points to the economy
of its plan as one of the admirable fea-
tures of its system, which, they say, if
properly supported, will save to the
benevolent people of America many
millions of dollars.

PRETTY LOIE MCCLAY.

Formerly of This City Arrested In
Chicago for Being In a Hair-
Pulling Match.

A dispatch from Chicago says that
Loie Florence McClay, of this place,
aged about 15, is being held by the po-
lice until her mother is heard from.
Loie has had quite an experience in
Chicago since her arrival there on
Thanksgiving day. She is beautiful and
her story has interested everyone who
has had anything to do with her.

Miss McClay refuses to say much
about her recent movements. The po-
lice learned, however, that she arrived
in Chicago last Thanksgiving day, and
registered at the Y. W. C. A. rooms, 288
Michigan ave. She remained there un-
til about two weeks ago, when she took
quarters at 34 Superior st. Yesterday
she got into a quarrel with Mrs. O. Win-
ters, and a hair-pulling match took
place, resulting in her arrest.

While she was at the Y. W. C. A. she
made sachet bags, and some days she is
said to have earned as much as \$25 by
selling them in office buildings. When
here, Miss McClay lived on Kingsley
st., off from Detroit st. She is but 16
years old, and for a time was an actress
in Wonderland in Detroit. Since then
she has been traveling with theatrical
companies.

TO-NIGHT

A Non-Partisan Meeting at
the Court House.

Every Citizen Who Has the Well
Fare of Ann Arbor at Heart Should
Be Present to Lay Plans for
'Booming' Col. Dean.

Everybody in Ann Arbor, irrespective
of party, feels that Col. Dean should be
renominated and re-elected to the office
of regent of the University.

The minute one single department of
the U. of M. is moved to Detroit, just
that minute commences Ann Arbor's
fright as the home of the University.

It needs a man just like Col. Dean on
the board to protect Ann Arbor's inter-
ests in the institution.

There will be a meeting of citizens
this evening at 8 o'clock to consider the
advisability of sending a delegation of
at least 100 citizens to the state Republi-
can convention at Jackson next Wed-
nesday to boom the candidacy of Henry
S. Dean for regent.

The meeting is to be a non-political
one, and Democrats as well as Republi-
cans are invited to attend.

The Free Press today says that
Grant captured the Wayne county dele-
gation and the Tribune says that both
Grant and Van Zile claim it.

There is no doubt but there is a com-
bination of Grant and Sutton, and the
nominations for justice of the su-
preme court and regent respectively.
There are two reasons for this combina-
tion.

1. Why Grant wants a combination—
Col. Sutton is Pingree's choice for re-
gent. Recently Pingree said that the
Democrats could not make too big a
mistake but what they could defeat
Grant if the latter is nominated for jus-
tice. If Grant can get Sutton on the
ticket along with him, it will prevent
the Pingreeites from cutting Grant for
fear of a retaliation.

2. Why Sutton wants a combination—
Grant's most formidable opponent is
Van Zile, of Detroit. If Van Zile is
nominated for supreme judge this will
give Wayne county one office, and this
would practically cut off Col. Sutton's
chances for a nomination for regent and
make it a cinch for Dean.

A great deal depends upon the result
of the Wayne county convention today
who will control the state convention.
If Van Zile gets Wayne county in-
structed for him it will mean that Grant
will not be nominated on the first ballot,
and possibly his ultimate defeat. If
Grant obtains the Wayne county dele-
gation it means the domination of the
Grant-Sutton combination.

The Washtenaw county Republican
convention made a serious mistake in
instructing delegates for Grant. It was
simply playing into the hands of a
combination that may ruin Col. Dean's
chances for a renomination.

THREE DEATHS TODAY.

Three deaths occurred today.
Mrs. Mary Golden died at her home,
1117 Hickory st., of cancer trouble. She
was 45 years of age. The funeral will
be held tomorrow at 3 o'clock.

Rev. George P. Wright, who has lived
in this city for the past two years, died
at his home, 520 Division st., of dropsy.
He was 54 years of age. The funeral will
be held Monday and the remains
will be taken to Manchester for interment.

William P. Groves died at his resi-
dence in the township of Northfield
early this morning, aged 79 years and 3
months. Funeral Monday at 2 p. m., at
the family residence.

WHAT MAY HAPPEN TO ANN ARBOR

IF THAT PERNICIOUS BILL WHICH SENATOR WARD
HAS INTRODUCED BECOMES A LAW.

A Letter Supposed to Be Written a Year From Now, Tells of Most Prob-
able Instances Which Will Occur and by Which the Taxpayers
will be "Soaked" for an Immense Amount
of Money Each Year.

Unless YOU go to the court house
Monday evening and register a vote
against the pernicious and metropolitan
extravagant "one-justice-and-he-a-law-
yer" bill which Senator Ward has intro-
duced in the legislature, there may be
enough present to pass a vote to instruct
him to proceed and get it passed.

The following letter shows what may
happen under the new "99 model of jus-
tice and jury system" built to the spe-
cial order for Ann Arbor:

Ann Arbor, Mich., Feb. 1st, 1900.
Mr. Thomas Jones, Marquette, Mich.
Dear Sir: Your inquiry about the
"One-Justice and Jury System" in
Ann Arbor, received. Perhaps I can
best answer the same by simply stating
the matters transacted in the court so
far from time to time.

The act took effect on Aug. 3rd, 1899.
During August there were juries de-
manded in two cases, one between two
Northfield farmers, and one between
two Pittsfield parties. Court opened on
September 4th. There were present
the justice, two policemen, the fourteen
jurors, the litigants and their attorneys,
and a number of visitors—a great crush
of people to see the new Court. The
Northfield case seemed to be a case of
settlement, and the parties adjourned
the case until the next term. In the
other case the jury was waived, and the
fees of \$6.00 demanded back and re-
turned by the Court, and the parties
then announced that the matter had
been settled out of Court.

The City paid the jurors \$28.00, and
the justice put in a bill for \$1.50 for
drawing the jury, which after some
haggling the City Council paid as
sagging the City Council, paid as the
same is paid for the same services in
case of Circuit Court jurors. Of course
the City received NOTHING.

During September there were three
juries demanded, so that there were
four cases on the October term of Court.
One was between a merchant in Ann
Arbor, and a Solo farmer. The others
were all out of town parties.

At the opening of Court it was very
difficult to proceed as the attorneys
were mostly at the Circuit Court room,
that being the first day of term. No at-
tempt was made to compel a jury un-
til after dinner. There was a crowd of
people present all morning, so that it
was hard to get anything started. After
dinner the Northfield man waived a
jury and demanded back his fees, which
were paid. The case had been settled.
In the second case on the docket, the
attorneys were interrupted in choosing
a jury by Circuit Court matters, but
finally at three o'clock the trial was
started. All testimony not being in at
six o'clock an evening session was called
for to finish the case. The jury returned
a verdict of \$7.50 for the plaintiff, and
they were ordered to be on hand the
next morning. The next morning stipu-
lations were filed adjourning both the
other cases. It seemed that in one of
them a large number of witnesses were
on hand and the expense was so great
that the parties did not care to have
them attend the next day unless they
were to have a hearing.

This case cost the city for justice,
jurors \$69.50. The city received back
\$6.00.

At the November term of Court there
were two new cases, and the two old
cases. One of the old cases had been
settled, and accordingly the jury was
waived, and the fee demanded back, but
the Justice had paid the same in to the
City treasury, and complications arose
later in the Council as to when the
Justice should pay in the Jury fee, and
it was determined that the same should
not be paid in until the case was finally
disposed of. A great crowd of wit-
nesses and jurors were present, so that
the parties proceeded with difficulty, and
a proposition was made in the council
during the month to compel the Justice

THE CHICAGO COMMONS.

There is much interest these days in
the work of social settlements in our
great cities. The actual transplanting
of some of the culture and intelligence
and practical Christianity into the most
debauched and crowded centers of the
cities is doing much to relieve the stress
between classes and to afford a definite
remedy for many of the evils of present
day civilization. All interested in this
work will be glad to know that Dr.
Graham Taylor, who is chief warden
of the Chicago Commons, the largest
social settlement in America, will be in
the city Sunday, Feb. 26, and will
speak in Newberry hall at 9:15 a. m. on
methods, problems and successes of so-
cial settlement work. Dr. Taylor comes
at the invitation of the Students'
Christian Association, which raises an
annual scholarship to support a student
in the settlement during the summer
months. At least \$100 is needed for this
scholarship, and opportunity will be
given to those interested to contribute
at the morning meeting.

DARING ROBBERY.

The Michigan Central Depot Office
Robbed of \$72 Very Mys-
teriously Last Night.

This morning between the hours of
12:15 and 6 o'clock a most nervy and
successful robbery was committed at
the Michigan Central ticket office.

J. S. Squires is the name of the night
operator and ticket seller who has
charge of the office. At 12:15 he sold
a ticket for Chicago and all the money
was all right at that time. After the
midnight train had went through he
passed out of the office to put out the
lights in the depot waiting room. He
saw nobody in the depot at this time
and he was not out of the room him-
self. He went back into the office and
remained there until 6 o'clock, when he
started to check up his cash. Then he
discovered that \$72 in bills was missing.

It is thought that while he was put-
ting out the lights somebody was hid-
ing in the depot waiting room and
sneaking into the office, grabbing the
bills and got out without Mr. Squires
noticing him. There was a quantity of
silver in the same place as the bills, but
this was not touched. There is no clue
to the perpetrators.

SUICIDE

Miss Viola Bliss, of This City,
Takes Her Own Life.

At the Home of Her Cousin In Chi-
cago—A Gradual Loss of Hearing
Was the Cause of Her Very Rash
Deed.

Miss Viola Bliss, of this city, died yester-
day at the home of her cousin, Mrs.
Garrett M. Vanzwiler, 43 Seelye ave.,
Chicago, from the effects of morphine
taken on Wednesday afternoon. She
left notes explaining that the dread
of deafness caused her to end her life.

The fact that she had contemplated
suicide several weeks ago is indicated
by the date on one of the notes she left,
of which the following is a part:

Chicago, Jan. 5, 1899.—Dear Bessie:
No one knows what I have suffered in
my mind since my ears have given out
this last time. It seems as though I
could see them closing every day and I
feel I can't stand it any longer. My
ears are my first thought in the morn-
ing and my last thought at night. I
have tried ever since I have been here
to cast that dreadful feeling off, but
cannot. When I go, as I did last even-
ing, and see them all laughing and talk-
ing and having a good time and I can't
hear anything, even as I have asked
them over two or three times, my gloom
seems greater than ever. So I hope you
and all will forgive me for the course I
have decided to take."

In the note she enclosed \$60 to pay
the expenses of burial and asked her
cousin to have no crape put on the door,
as she considered it "dreadful form."

She had dressed herself for burial, and
said in the note:

"Please don't let them cut me up in
any way. I have a perfect horror of
that."

A second note explained that she had
postponed her suicide because she
learned Mr. Vanzwiler would not be
there on Jan. 5 to find her dead, and she
wished to spare her cousin the shock.

Miss Bliss was 42 years old. She was
visiting in Chicago. Her parents are
dead. She formerly lived at 323 S. Di-
vision st., in this city. She expressed
a wish to be buried in Chicago.

Senator Ward's bill needs an axe.

Go to the court house Monday evening.

The sophomore class of the homeopathic department will be entertained at Dr. Hinsdale's this evening.

Hon. David Mills, minister of justice for the Dominion of Canada, took a degree of L. L. D. from the University of Michigan in 1855.

Go to the court house Monday evening and vote against the bill introduced in the legislature by Senator Ward, to amend Ann Arbor's charter.

Pontiac Post: President Angell, of the University of Michigan, will be a welcome visitor at the round-up farmers' institute at Pontiac, Friday evening, March 3, when he will discuss "Farming in Oriental Countries."

Judge Rufus Waples will address the business men's class at the Congregational church tomorrow (Sunday) after the morning service, upon the subject, "Has Christian life and belief degenerated in our time from that of our fathers."

James Beckwith, of Sylvan, owns an old bible that was printed in 1739; also a pair of spectacles with steel frames, that were made over 100 years ago. Both have been in his family for many years, having been brought to this country from England.

Edwin Gates, who left the law department to join the United States regulars at the commencement of the war, writes from Yanco, Porto Rico, that on the same day when it was 20 degrees below zero in Michigan, the thermometer stood 115 degrees above at noon there.

It is understood that the few who are in favor of the single justice and extravagant jury system will have their friends out in force Monday night to vote to instruct Senator Ward to push the passage of the bill. Unless those who are opposed to it turn out in large numbers, this scheme will be accomplished.

At Friday's session of the state Young Men's Christian Association convention at Kalamazoo, W. S. Lee, of Ypsilanti, was elected secretary. C. W. Wagner, of this city, was made a member of the committee on business, and H. W. Rose was placed on the devotional committee. C. W. Wagner read a paper on "Membership."

The men's meeting at the city Y. M. C. A. tomorrow afternoon at 2:45 o'clock will be addressed by Horace T. Purfield, instructor in the University. The subject on which he will talk will be, "God's Plan of Salvation." All men are invited to come and hear him. The special music will consist of a contralto solo by Miss Bess Carson.

Mrs. Ross Granger is making preparations for a military ball, to be given on Easter Monday, April 3, for the benefit of our Co. A boys. Co. A's private funds with which they buy delicacies, etc., that the government does not furnish is very low. Mrs. Granger will furnish her academy, and hopes the citizens will help her in this good cause.

Every citizen who is interested, and every citizen should be interested, in Senator Ward's bill to amend the charter of Ann Arbor so as to have a single justice, and a lawyer, together with an extravagant jury system, should read the article, "What May Happen in Ann Arbor," in today's Times and then see if you want it saddled on to the city.

Owosso American: L. H. Norton has a contract to build a large farm house for H. K. Perry, formerly of this city, but now located on a farm seven miles from Ann Arbor.—Messrs. C. W. Wagner, E. C. Cushman and F. C. Parker, three jolly residents of Ann Arbor, were in the city today, on a business trip, and greeting friends.—Mr. Wagner, of Ann Arbor, while en route to the Saginaw Y. M. C. A. convention yesterday, was the guest of Charles Stewart.

There are fourteen University of Michigan men in the Fifty-fifth congress. One of these is in the senate (there will be three in the next senate), and the other thirteen are in the house of representatives. They are as follows: Cushman K. Davis, Rep. (senator) of Minnesota, '97; Samuel W. Smith, Rep. of Michigan, '78; Horace G. Snover, Rep. of Michigan, '69; Ferdinand Brucker, Dem., Michigan, '81; Roswell P. Bishop, Rep. of Michigan, '81; John J. Lentz, Dem., Ohio, '82; Winfield S. Keen, Rep. of Ohio, '78; Marion De Vries, Rep. of California, '88; John F. Shaforth, Silver Rep., Colorado, '75; David H. Mercer, Rep. of Nebraska, '82; Marriott Brosius, Rep. of Ohio, '68; William H. King, Dem., Utah, '87; Theobald Otjen, Rep. of Wisconsin, '75.

St. Thomas' Dramatic Society is preparing to stage a most laudable comedy, entitled "What Became of Parker." It will be put on at the Athens theatre Tuesday evening, March 21st, and will be for the benefit of St. Thomas' new church. The play is upon similar lines as the great laughing success, "What Happened to Jones," and contains as many striking climaxes and ridiculous situations, naturally brought

About 40 of the '01 laws held a banquet at the Cook House last evening, and it was a complete success in every particular.

Matilda F. Robbins has been granted \$25 solicitor's fees and \$1.50 per week temporary alimony from her husband, Henry W. Robbins.

Remember the social evening at Y. W. C. A. rooms is Tuesday. Rooms open from 7 to 9. All young ladies, whether members or not, are invited.

Saline has granted the electric road franchise, and the Ypsilanti city council hold a special meeting this evening. What will be done in Ann Arbor in the matter?

All young ladies should attend the meeting at Y. W. C. A. rooms tomorrow at 3:30. Subject for meeting will be India. Special music has been provided for the meeting.

The civil service examination which was set for March 15 has been postponed until November. It is thought that hereafter there will be but one examination held a year.

The condition of Assessor O'Hearn today remains practically unchanged. He was feeling a trifle better this morning, but his right lung is filling up and there is still no hope for his recovery.

The Milan case of Loveland vs. Loveland, in which two girls sued their uncle, alleging that they had been "horn-swoggled" in the settlement of an estate, has been settled and the case dropped.

Pontiac Post: Manly Davis was home from Ann Arbor Monday to attend the Jefferson Club banquet.—Fred G. Dewey of Ann Arbor is home this week on account of trouble with his eyes.—Harry Cole is home from Ann Arbor.

Mrs. Mary E. Hill, of S. State st., has commenced a suit for an accounting against Comstock F. Hill, of Lodi. She says in her bill of complaint that she entrusted him with \$14,000 worth of property and that he now tells her that there is nothing due her.

Morning services at the Methodist church will be an all-season address by Rev. J. F. Brant, of Lansing, and at the Baptist church at the same hour Prof. O. A. Wright, of Detroit, will speak upon the same subject. The Mass meeting at University hall will be held at 8 p. m., addressed by both Wright and Brant. Everybody invited.

Miss Alta, of South Main st., was most agreeably surprised last evening, when a party of thirty of her most intimate friends called on her. The evening was enjoyably spent in games, music and dancing, after which refreshments were served. The novelty of the evening consisted in the colored handkerchiefs and neckties to match.

Russell H. Conwell, of Philadelphia, lectured to \$1,500 people in University hall last evening on "Acres of Diamonds." Before introducing the speaker, President Lathers, of the Students' Lecture Association, under whose auspices Mr. Conwell appeared, announced that the latter had given the \$300, which he had received for the lecture, as a fund for needy students.

In 1897 a committee was appointed for the purpose of raising funds to erect a monument to the memory of Henry F. Frieze, professor of Latin and acting president of the University while Hon. James B. Angell represented the United States as minister to China. Since the death of Prof. Frieze his grave has remained neglected and almost unmarked. The contract was let today to Cartright Bros., of Detroit, at over \$500, however. The unveiling will take place on June 21, alumni day. President Angell will deliver an address and the alumni will march to the grave in a body.

The Mozart Club held its semi-monthly meeting Thursday evening at the home of Miss Elizabeth Campbell. The third act of Tannhauser was given, with Mr. Law as Tannhauser, Miss Campbell as Elizabeth, Miss Oberst as Venus and Dr. Spitzley as Wolfram. The remainder of the evening was devoted to a miscellaneous program from Haydn, Von Flieitz and Wilson Smith. An interesting paper on Haydn was read by Mr. Washburn, who also sang the "Entreata," by Wilson Smith. Dr. Spitzley sang "The Suite," from von Flieitz, and Miss Davis, Mr. Saunders and Mr. Samson gave "The Gypsy Rondo," from Haydn.

Neue Washtenaw Post: The harmony (?) in the Republican party was once again manifest in the county convention last week. The strife between Judson and the anti-Judsonites is bound to completely disrupt, or has already disrupted, the party in Washtenaw county. These conditions give the Democrats great encouragement and hope in future success. It has ever been thus when a party became strong for it was then that selfish politicians sought to secure control and to make the party their servant. The blame for this deplorable condition rests not alone with one party or faction. Both parties seek to control and neither will give in.

Saturday last Dr. Nancrede removed a large brain tumor 3 inches by 2.5 by 1.5, which had produced almost total loss of speech and decided paralysis of the right arm and leg. The patient came from Portland, Oregon, to consult Dr. Nancrede. It was a most obscure and puzzling case, yet the doctor was able to determine almost the exact condition, as shown by the operation. It was necessary to remove a piece of bone 3.5 by 3 inches in order to remove and move the enormous tumor which compressed those large portions of the brain presiding over the functions lost. The patient promptly regained her speech and improved in the use of her hand and leg. A permanent recovery is confidently expected by the hospital officials.

The Democratic caucuses last night to elect delegates to the county convention which will in turn elect delegates to the state and judicial conventions and nominate a candidate for county commissioner of schools, were very slimly attended indeed, which was a strong contrast to the Republican caucuses. The following were the delegates selected:

FIRST WARD—Gottlob Luick, S. W. Beakes, Seward Cramer, Jacob F. Schuh, W. H. Butler, Morgan O'Brien, John Lindenschmitt, H. W. Douglass.

SECOND WARD—Titus Hutzel, Wm. Herz, John Koch, Sid W. Millard, Wm. J. Rainey, Charles Binder, Paul Schall, John Lutz, Robert Benz, Jas. R. Bach.

THIRD WARD—Michael Williams, T. S. Partell, J. Snyder, W. G. McIntyre, Morgan Williams, Marvin Davenport, George Kustover, Walter Dancer, Wm. H. Clancy, William Bury.

FOURTH WARD—Michael Seery, Chas. Dwyer, John Baumgartner, Arthur Brown, H. C. Meuth, Fred Siple, Moses Seabolt, Wm. Walsh, G. H. Harding.

FIFTH WARD—Wm. Seery, Jas. Boyle, George Spithell, Jr., Charles H. Manly, Ernest Rehberg.

SIXTH WARD—John L. Duffy, M. J. Cavanaugh, T. D. Kearney, E. B. Norris, Henry Merithew, H. T. Morton.

SEVENTH WARD—David Hammond, Louis Lempert, Fred Harpst, Walter Mack.

W. C. T. U. NOTES.

The injurious effects of narcotics was discussed at the regular meeting of the W. C. T. U., held on Thursday. Extracts were read from essays written by some of the pupils in the eighth grade of our public schools, upon the effects of alcohol and other narcotics upon the organs of the body. These essays showed much intelligent thought upon the subject. The scientific effects of cigarette smoking was shown by the practical exhibition made by Professor Bumpus, professor of comparative anatomy in Brown University, R. I. Before a large class of witnesses Prof. Bumpus showed that the effect of two cigarettes, upon a student who submitted himself to the experiment, was an average increased pulse of 17 beats per minute. Leading educators of Chicago bear testimony as follows: "I can go through my school and put my hand on every boy that uses tobacco, for he shows it in his face, and if I am in doubt I can prove my surmise by looking at his recitation cards." The testimony produced might be summed up in the following: "The effect of cigarettes on mind, morals and health is blasting to the utmost degree." How truthfully may a young man who arrives at manhood's morning free from vice say: "My strength is as the strength of ten, because my heart is pure." The necessity for watchfulness on the part of the parents of Ann Arbor was urged, since it was stated that certain dealers in the city are violating the law in reference to the sale of tobacco to boys.

The next meeting, to be held the second Thursday in March, will be a mothers' meeting, addressed by Dr. Mary Wood-Allen. An effort should be made to bring out all mothers who have little children in their homes.

Editor Evening Times:

Long association breeds familiarity, and life is too short to call a man by his full name, when he possesses a shorter one. That every man in Co. A has a nickname, some of which are more ludicrous than characteristic, the following up-to-date roster, copied, for the most part, from the brim of a "souvenir hat" owned by one of the members of the company, will show. No doubt your readers will discover many familiar nicknames attached to old friends, and many more that have "cropped out" in the service.

James Beckwith, of Sylvan, owns an old bible that was printed in 1799; also a pair of spectacles with steel frames, that were made over 100 years ago. Both have been in his family for many years, having been brought to this country from England.

Edwin Gates, who left the law department to join the United States regulars at the commencement of the war, writes from Yanco, Porto Rico, that on the same day when it was 20 degrees below zero in Michigan, the thermometer stood 115 degrees above at noon there.

It is understood that the few who are in favor of justice will have their friends out in force Monday night to vote to instruct Senator Ward to push the passage of the bill. Unless those who are opposed to it turn out in large numbers, this scheme will be accomplished.

At Friday's session of the state Young Men's Christian Association convention at Kalamazoo, W. S. Lee, of Ypsilanti, was elected secretary. C. W. Wagner, of this city, was made a member of the committee on business, and H. W. Rose was placed on the devotional committee. C. W. Wagner read a paper on "Membership."

The men's meeting at the city Y. M. C. A. tomorrow afternoon at 2:45 o'clock will be addressed by Horace T. Purfield, instructor in the University. The subject on which he will talk will be, "God's Plan of Salvation." All men are invited to come and hear him. The special music will consist of a contralto solo by Miss Bess Carson.

Mrs. Ross Granger is making preparations for a military ball, to be given on Easter Monday, April 3, for the benefit of our Co. A boys. Co. A's private funds with which they buy delicacies, etc., that the government does not furnish is very low. Mrs. Granger will furnish her academy, and hopes the citizens will help her in this good cause.

Every citizen who is interested, and every citizen should be interested, in Senator Ward's bill to amend the charter of Ann Arbor so as to have a single justice, and he a lawyer, together with the extrajudicial jury system, should read the article, "What May Happen to Ann Arbor," in today's Times and then see if you want it saddled on to the city.

Owosso American: L. H. Norton has a contract to build a large farm house for H. K. Perry, formerly of this city, but now located on a farm seven miles from Ann Arbor—Messrs. C. W. Wagner, E. S. Cushman and F. C. Parker, these jolly residents of Ann Arbor, were in the city today, on a business trip, and greeting friends.—Mr. Wagner, of Ann Arbor, while en route to the Saginaw Y. M. C. A. convention yesterday, was the guest of Charles Stewart.

There are fourteen University of Michigan men in the Fifty-fifth congress. One of these is in the senate (there will be three in the next senate), and the other thirteen are in the house of representatives. They are as follows: Cushman K. Davis, Rep., (senator) of Minnesota, '57; Samuel W. Smith, Rep., of Michigan, '78; Horace G. Shover, Rep., Michigan, '69; Ferdinand Krueger, Dem., Michigan, '81; Roswell P. Bishop, Rep., Michigan, '72; William S. Mesick, Rep., Michigan, '81; John J. Lentz, Dem., Ohio, '82; Winfield S. Kerr, Rep., Ohio, '79; Marion De Vries, Dem., California, '88; John F. Shaforth, Silver Rep., Colorado, '75; David H. Mercer, Rep., Nebraska, '82; Marriott Brosius, Rep., Utah, '88; William H. King, Dem., Utah, '87; Theobald Otjen, Rep., Wisconsin, '75.

St. Thomas' Dramatic Society is preparing to stage a most laughable comedy, entitled "What Became of Parker." It will be put on at the Athens theatre Tuesday evening, March 21st, and will be for the benefit of St. Thomas' new church. The play is upon similar lines as the great laughing success, "What Happened to Jones," and contains as many striking climaxes and ridiculous situations, naturally brought about, as is possible to get within the compass of four acts. The society has been rehearsing for about three weeks and will this year put up the most successful play in its history. It has always had the confidence of the public in its Irish plays on past St. Patrick's days, and no doubt will be greeted by a full house at its next production. The cast includes such strong and well known characters as Theodore Lake, Jim Harkins, George Parker, Harry Brown, J. J. Crowley and Messrs. Willis, Dillon and Haverly. Among the ladies are Miss Nona O'Brien, Sara O'Brien, Lizzie Mitchell and Isadore Ross. Specialties are to be put on by Harkins, Phil Schumacher, Frank Ryan, George Parker and others. The play is bound to be a roaring success, for the funniest people in town will be "in it."

Mrs. Mary E. Hill, of S. State st., has commenced a suit for an accounting against Comstock F. Hill, of Lodi. She says in her bill of complaint that she trusted him with \$14,000 worth of property and that he now tells her that there is nothing due her.

Morning services at the Methodist church will be an anti-saloon address by Rev. J. F. Brant, of Lansing, and at the Baptist church at the same hour will speak upon the same subject. The mass meeting at University hall will be held at 8 p. m., addressed by both Wright and Brant. Everybody invited.

Miss Alta, of South Main st., was most agreeably surprised last evening, when a party of thirty of her most intimate friends called on her. The evening was enjoyably spent in games, music and dancing, after which refreshments were served. The novelty of the evening consisted in the colored handkerchiefs and neckties to match.

Russell H. Conwell, of Philadelphia, lectured to \$1,500 people in University hall last evening on "Acres of Diamonds." Before introducing the speaker, President Lathers, of the Students' Lecture Association, under whose auspices Mr. Conwell appeared, announced that the latter had given the \$300, which he had received for the lecture, as a fund for needy students.

In 1897 a committee was appointed for the purpose of raising funds to erect a monument to the memory of Henry F. Frieze, professor of Latin and acting president of the University while Hon. James B. Angell represented the United States as minister to China. Since the death of Prof. Frieze his grave has remained neglected and almost unmarked. The contract was let today to Cartright Bros., of Detroit, although the price is not stated. It is over \$500, however. The unveiling will take place on June 21, alumni day. President Angell will deliver an address and the alumni will march to the grave in a body.

The Mozart Club held its semi-monthly meeting Thursday evening at the home of Miss Elizabeth Campbell. The third act of Tannhauser was given, with Mr. Law as Tannhauser, Miss Campbell as Elizabeth, Miss Oberst as Venus and Dr. Spitzley as Wolfram. The remainder of the evening was devoted to a miscellaneous program from Haydn, Von Flieitz and Wilson Smith. An interesting paper on Haydn was read by Mr. Washburn, who also sang the "Entr'acte," by Wilson Smith. Dr. Spitzley sang "The Suite," from von Flieitz, and Miss Davis, Mr. Saunders and Mr. Samson gave "The Gypsy Rondo," from Haydn.

Neue Washtenaw Post: The harmony (?) in the Republican party were very manifest in the county convention last week. The strife between Judson and the anti-Judsonites is bound to completely disrupt, or has already disrupted, the party in Washtenaw county. These conditions have the tendency to create great encouragement and hope in future success. It has ever been thus when a party became strong, for it was then that selfish politicians sought to secure control and to make the party their servant. The blame for this deplorable condition rests not alone with one party or faction. Both parties seek to control and neither will give in.

Saturday last Dr. Nancrede removed a large brain tumor 3 inches by 2.5 by 1.5, which had produced almost total loss of speech and decided paralysis of the right arm and leg. The patient came from Portland, Oregon, to consult Dr. Nancrede. It was a most obscure and puzzling case, yet the doctor was able to determine almost the exact condition, as shown by the operation. It was necessary to remove a piece of bone 3.5 by 3 inches in order to reach and remove the enormous tumor which compressed those large portions of the brain presiding over the functions lost. The patient promptly regained her speech and improved in the use of her hand and leg. A permanent recovery is confidently expected by the hospital officials.

J. G. Halaplian, writing from Athens, Greece, says: "Three weeks ago I was the victim of Spanish treachery. One morning, dressed in the U. S. N. uniform, I was out for a long walk, and while crossing a ravine about a mile from the city limits, I was attacked by two well dressed persons who had been following me. During the struggle for life I got hit by a rock on my right shoulder blade. Taking me by surprise they did some very hard hitting. I started, but after a while a smasher landed by me on the back of the leader's ear made the contest more even. On account of the punishment I had received at first, I found myself to be a very poor person to catch the fleeing enemy. The assailants were Spaniards, for they spoke the Spanish, and they were too well dressed and too experienced for highway robbers. Whatever their object might have been, it resulted in a complete victory for America."

W. C. T. U. NOTES.

The injurious effects of narcotics was discussed at the regular meeting of the W. C. T. U., held on Thursday. Extracts were read from essays written by some of the pupils in the eighth grade of our public schools, upon the effects of alcohol and other narcotics upon the organs of the body. These essays showed much intelligent thought upon the subject. The scientific effects of cigarette smoking was shown by the practical exhibition made by Professor Bumpus, professor of comparative anatomy in Brown University, R. I. Before a large class of witnesses Prof. Bumpus showed that the effect of two cigarettes, upon a student who submitted himself to the experiment, was an average increased pulse of 17 beats per minute. Leading educators of Chicago bear testimony as follows: "I can go every day that uses tobacco, for he shows it in his face, and if I am in doubt I can prove my surmise by looking at his recitation cards." The testimony produced might be summed up in the following: "The effect of cigarettes on mind, morals and health is blasting to the utmost degree." How truthfully may a young man who arrives at manhood's morning free from vice say: "My strength is as the strength of ten, because my heart is pure." The necessity for watchfulness on the part of the parents of Ann Arbor was urged, since it was stated that certain dealers in the city are violating the law in reference to the sale of tobacco to boys.

The next meeting, to be held the second Thursday in March, will be a mothers' meeting, addressed by Dr. Mary Wood-Allen. An effort should be made to bring out all mothers who have little children in their homes.

Very respectfully,
"THE SCRIBE."

BULGARIA SAFE IN PORT.

Long-Missing Steamer Arrives at Ponta Delgada After Stormy Voyage—All Safe.

Ponta Delgada, Azores, Feb. 25.—The Hamburg-American liner Bulgaria, Capt. Schmidt, from New York on January 28, for Hamburg, which the British tank steamer Weehawken reported in distress 800 miles from the Azores islands, has entered this port. All on board the Bulgaria are in good health. The British tank steamer Weehawken arrived at Ponta Delgada on February 12, with 25 passengers which she had taken off the Bulgaria. The Bulgaria was spoken by the Weehawken on February 5. She was pronounced to be in a sinking condition. She had a crew of 98 men and carried 41 passengers.

The Weehawken lost sight of the Bulgaria during the night of February 5, and was obliged to proceed, her small boats having been swept away and her bunkers being full of water. The rescued passengers of the Bulgaria reported that the cargo of the Bulgaria shifted, throwing the steamer on her beam ends, and that, although a quantity of her cargo was jettisoned, the crew were unable to right her. During the gale 150 horses were lost from the Bulgaria and a boat with five men in her went adrift.

The Bulgaria, it appears, stopped 11 days, during which she was engaged in repairing her machinery and rudder. She lost one man during the operation.

The British steamer Antillian, Capt. Fost, from Liverpool on February 4 for New Orleans, attempted to take the Bulgaria in tow, but gave up the task.

The Bulgaria eventually proceeded alone.

During the storms and in working the cargo, etc., the passengers and crew of the Bulgaria sustained many injuries, a number of arms and legs being broken.

Michigan Senate Pledges No Change in the Beet Sugar Bounty—In Other States.

Lansing, Mich., Feb. 25.—The state senate Friday by a vote of 12 to 7 adopted a concurrent resolution pledging itself to make no change in the existing bounty of one cent a pound, now paid by the state on beet sugar manufacture. Twelve senators were absent.

Springfield, Ill., Feb. 25.—There was again no action Friday in the senate on the street railway question. The Allen law repealer, already passed by the house, was merely reported to the senate by the clerk of the house, along with the message requesting in the usual form the concurrence of the senate in the action of the house.

THE MICHIGAN ACCIDENT ASSOCIATION OF KALAMAZOO, MICH.

Begins its second year of existence with a

RECORD NEVER EQUALED

by a similar association. It has excelled in the following ways the record of the first year's existence of any similar association ever organized in Michigan:

It has written more members, It has held more members. It has accumulated a larger reserve fund for the protection of its members.

AND LAST BUT NOT LEAST

It is the only association in the State, regardless of age, that never closed its office at night with an unpaid claim on which it had received proofs on its books.

It is writing the most popular plan of accident and sick benefit insurance on the market. A few first-class agents wanted in unoccupied territory. Big money to hustlers. Fire and life insurance men can add many dollars to their yearly income by selling this association as a side line. Address,

The Ypsilanti gives a very beautiful
and comprehensive write-up of the Re-
publican county convention recently
held at Ann Arbor. One small slice of it
is as follows: "The opposition (Mr. Os-
band et al.) did not seek a fight. There
was no occasion for one but Frank
Crech and a few others suffering were
suffering from under the state con-
vention, and vainly thought that they were
in control. So in order to relieve the
cranial pressure and to show the young
hustlers that they were running things
only by surffance and not because of
superior tactics, Wm. M. Osband (that
is, the writer of this article) became at
the last a candidate for the state con-
vention. He was placed in nomination
by a score of friends, but A. F. Free-
man, the Judsonite chairman of the
caucus, was deaf and would not hear
the nomination, though Joe Warner
shouted it loud enough to wake the
dead, and for ten minutes the name
was dinned into his adder ears to no
effect. Finally J. C. Bemis shouted
"Osband" at the top of his voice, at the
same time with his elbow punching the
chairman's ribs until he thought that
a six-penny shot had passed through
them. The chairman then yielded to
the inevitable and put the motion,
which was of course carried. This is
the way Osband 'crawled under the
gate,' as the Times expressed it. There
was no 'make' about it, but a square
fight to show that volunteers were
well except when opposed to veterans."

FACTS TO REMEMBER.
She looks as clear as morning roses, newly wet with dew, after taking Knill's Red Pills for Wan People. \$50 a box.
Trust not too much to an enchanting face. But always trust Knill's Blue Kidney Pills at \$50 a box.
A thing of beauty is a joy forever. Knill's Red Pills for Wan People make it.
Jealousy is doubt and doubt is the leath of love. But when you take Knill's White Liver Pills you have no doubt, they are effective.
Her very frowns are fairer far than smiles of other maidens are. She had taken Knill's Red Pills for Wan People.
HARDLY.
You cannot cure hams with a hammer, Or measure a dram with a drama, Do sums with a summer, Or yet shear a ram with a rammer, But you can cure kidney ills With Knill's Blue Kidney Pills, At \$50 a box.

Mary was very thin, Her face was white as snow, The preacher paid a visit And told her where to go And get Knill's Red Pills for Wan People, As they would make her strong and have good color again.

When the wedding bells are ringing, Everyone will be singing; "Take Knill's Red Pills for Wan People."

JUDGED BY THEIR MERITS.
Are Knill's Red Pills for Wan People, Knill's Blue Kidney Pills, Knill's White Liver Pills.

As everyone that tries them say they are the best and recommend them to their friends. 25c per box. Warranted. Sold by all druggists.

Ypsilanti has taken steps for a big Fourth of July celebration. Nine committees have been named, and if there's any one in the city who has not been enrolled on some committee they will increase the committees. Bob Killum is very appropriately one of the committees. He is backed by Mr. Graves. It is to be the 75th anniversary of the first independence day ever observed in Washtenaw, and they offer a \$5 gold piece for the most appropriate name for the blowout. Here's our bid for that gold piece: "Pelant Pelant banger." If it had been five silver dollars, blamed if we wouldn't have got a still better name.—Adrian Press.

The Ypsilantiian gives a very beautiful and comprehensive write-up of the Republican county convention recently held at Ann Arbor. One small slice of it is as follows: "The opposition (Mr. Osband et al) did not seek a fight. There was no contest. The opposition was a mere show, and a few others suffering were suffering from undue cerebral expansion, and vainly thought that they were in control. So in order to relieve the cranial pressure and to show the young hustlers that they were running things only by sufferance and not because of superior tactics, Wm. M. Osband (that is, the writer of this article) became at the last, a candidate for the state convention. He was placed in nomination by a score of friends, but A. F. Freeman, the Judsonite chairman of the caucus, was dead and would not hear the nomination, though Joe Warner shouted it loud enough to wake the dead, and for ten minutes the name was dinned into his adder ears to no effect. Finally J. C. Bemis shouted 'Osband' at the top of his voice, at the same time with his elbow, punching the chairman's ribs until he thought that a six-pound shot had passed through them. The chairman then yielded to the inevitable and put the motion, which was of course carried. This is the way Osband 'crawled under the gate' as The Times expressed it. There was no 'mistake' about it, but a square fight to show that volunteers do very well except when opposed to veterans."

HAS REGAINED HIS VOICE.
Cyril Tyler Reported to Be Once More a Singer.
The following extract from an article in the current issue of the Dramatic News will be of interest to Ypsilanti, who undoubtedly remember Cyril Tyler, the erstwhile wonderful boy soprano from this city: "Most musical people will remember Cyril Tyler, who, a few years ago, made an artistic success in New York and other eastern cities, but who never received the recognition that his work deserved until he crossed the ocean. In London he sang at the houses of noblemen, he visited Patti at her castle in Wales, he sang two weeks at the Covent Garden promenade concerts and at the Crystal Palace. His name appeared on the same program as the De Reszkes and the most celebrated of the long-haired professional idols of the hour. From London he went to Australia, where he met with equal success. Then, just as he was about to return to this country with the endorsement of London and the Antipodes to help him win American dollars, his voice went the way of all boys' voices and he disappeared from the public view. This week I saw him for the first time in three years. The little boy with the long, wavy blonde tresses and big, thoughtful gray eyes has turned into a big, shaggy fellow, who, although he now lives in Duluth, has the manner and air of one who would never be classed with the ordinary youth of small cities.
"The public has not, however, heard the last of Cyril Tyler. Although he is not yet allowed to sing, his voice has developed into a beautiful lyric tenor of more than ordinary compass. He sings E in Alt. with perfect ease, although of course with a light head tone, as his voice has not yet fully developed. In another year he will be much better known in New York than he is in Duluth, and he will probably spend his spare time winning prizes instead of bicycle trophies, as he does now."

CURE rheumatism by taking Hood's Sarsaparilla, which by neutralizing the acid in the blood permanently relieves aches and PAINS.

Fargo, Cass Co., N. Dak. I am 45 years of age, and have been in the drug business for 15 years. I have been very much afflicted with indigestion, nervous headache, backache and pain in my left side when I would lie down; I had pains and aches all over. I commenced taking Dr. Pierce's Favorite Prescription and did not take two bottles when I was able to be around again and do my work, with no pain. I have taken five bottles of Dr. Pierce's Favorite Prescription, two of this Compound Extract of Sarsaparilla, and several vials of his 'Pleasant Pellets.' I am feeling better than I have for many years. I think Dr. Pierce's medicines are the greatest in the world.

When the bowels are obstinate, take Dr. Pierce's Pleasant Pellets. They don't gripe.

ALTERATIONS.

Council Committee Did Not Entirely Approve of the Saline Road Franchise.

The committee to whom the city council referred back the franchise of the proposed electric road to Saline held a special meeting and made the following additions and alterations in the documents, and they will be laid before the special meeting of the council which will be called for this evening.

First. They added the clause, "When-ever the city council shall order a street paved it shall be the duty of the company to pave, in like manner and at the same time as such street is paved, between its rails and tracks and 18 inches outside its tracks, and to maintain and keep such paving in repair."

Second. They added, "The company guarantee to indemnify and save harmless the city from all loss or expense to which it may be subjected for any damage or destruction or injury to persons or property by reason of the construction or operation of the road, or by reason of any negligence or carelessness on the part of the company; and the company shall be liable to the city for all costs and damages suffered by or recovered against it by reason of the violation of any of the provisions of the franchise."

Third. They added, "The common council reserves all rights to make further rules, orders and requirements as may from time to time be deemed necessary to protect the interests, safety, welfare and accommodation of the public in relation to the railway, not inconsistent with the provisions of the ordinance; but they shall not reduce the rate of fare provided for."

Fourth. Section 9 of the franchise was stricken out. It reads to this effect: "At the time of the expiration of the period of thirty years (for which time the franchise is asked) and thereafter at the end of each period of thirty years, there shall be a readjustment of the terms and conditions upon which the road is maintained." The argument made by the aldermen of the public to this clause was that it was tantamount to granting to the road a continuous franchise.

It is not considered probable that the company will agree to all the alterations and additions of the council committee, and a serious disagreement is expected by many. A special meeting of the council has been called for this evening to take the matter in hand.

The Natural Cure for Indigestion.

Do you have pain in the stomach after eating? Do you have a yellow tongue? Wind on the stomach? Constipation? These things arise from Indigestion and Dyspepsia.

Digestion depends on digestive fluids or "ferments" secreted by certain glands. When the secretion becomes insufficient, indigestion results. Dr. Williams' Pink Pills for Pale People cause these glands to resume their normal action and good digestion follows.

Artificial ferments (of which most so-called Dyspepsia cures are composed) may give temporary relief, but Dr. Williams' Pink Pills for Pale People afford a permanent cure.

Poor digestion often causes irregularity of the heart's action. This irregularity may be mistaken for real, organic heart disease. A case in point: Mrs. Ellen Colson, Newport, Ind., had suffered for four years with stomach trouble. The gases generated by the indigestion pressed on the heart, and caused an irregularity of its action. She had much pain in her stomach and heart, and was subject to frequent and severe choking spells which were most severe at night. Doctors were tried in vain; the patient became worse, and feared impending death. She noticed that in intervals in which her stomach did not annoy her, her heart's action became normal. Reasoning correctly that her digestion was alone at fault she procured the proper medicine to treat that trouble and with immediate good results. Her appetite came back, the choking spells became less frequent and finally ceased. Her weight, which had been greatly reduced, was restored and she now weighs more than for years.

That others may know the means of cure we give the name of the medicine used—Dr. Williams' Pink Pills for Pale People. These pills contain all the elements necessary to give new life and richness to the blood and restore shattered nerves.

FOOD FOR FLAMES.
Serious Fire Rages in Minneapolis—Tribune Building Totally Destroyed—Heavy Loss.
Minneapolis, Minn., Feb. 25.—The Tribune building caught fire at 10:30 Friday night in the job printing rooms on the third floor. At 11:30 Benz' wholesale liquor establishment across the alley from the Tribune building was burning fiercely, with occasional explosions, threatening the whole newspaper row. At midnight the interior of the Tribune building had been entirely destroyed, although the walls were still standing. The S. E. Olson company building was on fire, but the fire department were devoting themselves to it, and will probably control the fire in that quarter. The Journal-Times building is safe and the Times company expect to be able to get out their paper. A rumor is current that two men who were in the Tribune building are missing.

Wheat has gained only 1½ cents in price, although Atlantic exports, flour included, have been 2,557,364 bushels, against 2,060,471 last year, and including other exports 3,379,736 bushels, against 3,556,733 last year. The exports have been so heavy that many doubt their continuance, and yet grain comes from the farms and then goes abroad, as if such doubt had no basis. The western receipts during the past three weeks have been 9,376,473 bushels, against 7,335,426 last year. Corn has gained but one-half cent, with smaller demand for export, although its outward movement will be quite beyond precedent but for last year. In three weeks the exports have been 6,915,567 bushels, against 10,931,774.
"Floures for the week have been 150 in relation to the States, against 230 last year, and 40 in Canada, against 30 last year."

As Bradstreet Sees It.
Bradstreet's says: "Iron and steel and cotton goods have shared in public interest this week because of urgency in demand and consequent buoyancy in prices. In the former industry the striking feature has been the continued call for supplies alike of raw and of manufactured material, not only domestic, but even on foreign account, and it is as yet too early to ascertain the effect of the numerous and heavy advances announced during the week upon the export demand. Iron and steel prices, as a whole, are from 15 to 20 per cent. higher than they were at this time a year ago, and considering cost of production and output it is asserted that profits are but little below those of 1890. In cotton goods, as in iron and steel, a number of other products, active demand seems to have been at the bottom of the unquestionable improvement which has occurred in the last three months. The last week has witnessed specially marked strength, print cloths, gingham and gray cottons all sharing in the price advances. Cereal products remain steady, and but little changed in price, partly because of the near approach of the crop scare season, and also because of liberal export calls. Lumber is reported quiet at some markets as a result of the late stormy weather, but all markets report prices unchanged, except where quotations have been still further advanced."
